7 DEAD, 12 ARE HURT

Big Four Passenger Train Hits Yard Engine.

ACCIDENT AT TOLEDO, OHIO

It Is Said Motorman Disregarded the Signal of the Conductor—All Ambulances in the City Were Sent to the Scene of the Wreck.

Toledo, O., Feb. 18.—Seven persons were killed and a dozen injured when a Big Four passenger train struck a Toledo and Western electric car, at the Michigan Central crossing in West Toledo, Saturday night.

The dead are:

James Myers, motorman, of Toledo.

Mrs. William Fisher, of West Toledo.

Roy Fisher, of West Toledo.

Clarence Beech, of Sylvania.

Two children of Mr. and Mrs. Beech.

Those injured:

Mayor Jones and wife, of Sylvania; Clara Barton, Trilby, seriously; Joseph Buchmeyer, Trilby, fatally, Charles Dolph, Sylvania, slight; Geo. Brassler, Toledo, fatally; Burt Blankenship, Sylvania, badly hurt; Mr. and Mrs. Abram Parker, Sylvania; John Conroy, Sylvania, slight; Jas. Young, Sylvania.

According to an eye-witness of the wreck, which occurred shortly after 8 o'clock, the conductor stopped at the crossing to flag the car across. Seeing the train coming, he motioned to the motorman to stop, but the signal was misunderstood, not seen or disregarded, for the car came ahead with disastrous results.

The ambulances in the city were summoned to the scene of the wreck.

Mrs. Fisher was taken to St. Vincent hospital, where she died. Several of the injured were also sent to St Vincent hospital.

ILLUSTRATOR DEAD.

Pioneer of Newspaper Illustration in New York.

New York, Feb. 18—Word has been received in New York of the death in Paris of Valerian Gribayedoff, writer, artist and artist, the originator of newspaper illustration in New York. He was born in Russia 50 years ago and came to America while still a boy. Several years after he arrived here he sprang into prominence as an illustrator and writer and the illustrations he drew for his own articles were practically the first ever printed in a newspaper in New York.

From his sketches sprang the Sunday supplement which has become so popular of late years. He left New York in 1897 and thereafter resided in Paris, where he died.

MAN LEAPED FROM WINDOW.

Tried to Take Her Life Because Husband Would Not Eat Supper.

New York, Feb. 18.—Because her husband of a few months returned two hours late and then refused to eat the supper which she had been much pains to cook for him, Mrs. Liana Clarke leaped from a window of her home to a paved court 12 feet below in an effort to take her life. She is at a hospital and is in a critical condition.

Farmers' Union Gin Burned.

Macon, Ga., Feb. 18.—Fire destroyed the Farmers' union cotton gin in this city. It was owned and controlled by Bird & Hix and was erected early in the fall at a cost of somewhere over $5,000. An insurance of $3,000 was carried on the entire plant. The boiler and engine room was not damaged. The origin of the fire is unknown, but must have been the work of an incendiary as it had not been operated in several days.

Bryan Will Make Address.

Lincoln, Neb., Feb. 18.—William J. Bryan will deliver an address to the members of the Mississippi legislature the latter part of February. He will also visit the democratic state committee in Omaha on March 5th.

LOCKED CASHIER IN VAULT.

Three Masked Men Secure $3,500 from North Carolina Bank.

Raleigh, N. C., Feb. 18.—After seeing his bank robbed by three masked men, Cashier W. G. Whisnant was forced, at the muzzles of revolvers, to enter the vault, the heavy doors of which were then locked on the unfortunate official, who remained in the vault for more than fifteen hours.

The robbery was committed at Granite Falls, N. C., a thriving little town in Caldwell county. The robbers carried off about $3,500 of the bank's money, overlooking in their haste two packages containing $5,000.

The robbery was not discovered until 9 o'clock in the morning. When Cashier W. G. Whisnant did not appear for breakfast, his family, thoroughly alarmed, instituted a search. On entering the bank a feeble tapping was heard in the vault, and when it was opened the missing cashier staggered out, more dead than alive from his fifteen hours of close confinement.

According to the cashier's story, three strange men, wearing masks, entered the bank at 6 o'clock Saturday evening, and while one of them held him up, at the point of a pistol, the other two helped themselves to the bank's cash.

The work was done rapidly, the robbers betraying the utmost coolness. When they had appropriated the cash in sight the robbers forced Whisnant to enter the vault and then locked him in. Whisnant declares he made all the noise possible in his cramped quarters but his disappearance was not noticed until his family discovered his unusual absence.

A remarkable feature of the affair is that at the time the robbers, according to the cashier's story, were looting the bank and locking him in the vault, scores of people were on the street in front of the bank, yet no one was attracted by what was going on.

There is no clew to the robbers.

HUMAN TARGET USED BY SLAVS

Shocking Murder Committed in Marion County, North Carolina.

Marion, N. C., Feb. 18.—Deputy Sheriff Cox has just reached here with fourteen Slavs, who are charged with a shocking murder. Fifteen of these foreigners came to camp No. 5 on the South and Western railroad a year ago and have been at work there ever since.

According to the officer's story, the men quarreled among themselves on Thursday, the brunt of the war of words falling upon the members of the little colony who had been serving as its cook. The fourteen fell upon the unfortunate cook that night and securing him with ropes they led him to a spot in the forest a mile from the camp. There they bound him with ropes, hand and foot, and placing him in an upright posture against the end of a fill the crowd stepped off a few paces and began shooting, using the cook as a target. The unfortunate man was riddled with bullets.

After satisfying their thirst for blood, the murderers dug a shallow trench in the fill and buried their victim. The hastily provided grave and the blood on the ground led to the discovery of the crime by a foreman. The dead man was known to have had $100 in cash, but no money was found on him. Not one of the prisoners speak English and though court convenes Monday, the trial cannot be held until an interpreter is secured.

Senator Clay Very Ill.

Washington, Feb. 18.—Senator Alexander S. Clay, of Georgia, is ill with an attack of acute indigestion at his apartments in this city. The senator's physician says that he is seriously ill, although not in immediate danger. Senator Clay was taken ill in the senate chamber on Friday after his speech on the Aldrich currency bill.

Announces Resignation.

Worcester, Mass., Feb. 18.—The Rev. Dr. Lemuel C. Barnes, pastor of the First Baptist church in this city, has announced his resignation to become field secretary for the American Baptist Home Mission Society. Dr. Barnes came here from Pittsburg, Pa., five years ago.

WAR ON BLACK HAND

Police Making Vigorous Efforts to Break Up Evil.

MANY ARRESTS ARE MADE

By the Wholesale Arrests, a Large Number of Law-Abiding Foreigners Will Be Free From Extortion of Money.

Harrisburg, Pa., Feb. 18.—With 270 men captured in thirty-two raids conducted by the state police department in its war against "black hand" bands that have been terrorizing the foreign population in various sections of the commonwealth, the authorities count on crushing them out before the operations can extend to Americans.

For months the state policemen have been waging war on criminal gangs in the anthracite regions, where bands have been preying on credulous foreigners, but lately there have been signs of the terrorizing being extended to Northumberland county people of native birth.

Policemen have also been sent to Allegheny county, where threats were made against several prominent men and special details will operate about Pittsburg for some time to come.

By the wholesale arrests a large number of law-abiding foreigners will be free of extortion of money for some time.

During the past year they received letters signed "Blank Hand" threatening them with murder or having their homes burned unless they contributed money to agents of the outlaws.

REPRESENTATIVE DIES.

Virgil McKnight, of the Kentucky Legislature, Passes Away.

Frankfort, Ky., Feb. 18.—Virgil McKnight, aged fifty-two years, democratic representative from Mason county, died early Monday in his room at the Capitol hotel of cardiac asthma, after an illness of less than 24 hours.

He has represented his district in the legislature for three years. McKnight was one of the seven democrats who has refused to vote for Beckham for United States senator, though a number of his friends say he told them he would vote for Beckham when the latter needed him.

No session of the general assembly will be held until after the funeral which will be at his home at Maysville Tuesday.

A successor to the deceased will be elected in Mason county at the end of ten days. Beckham democrats say a democrat is sure to be elected.

Date Set for Hearings.

Chattanooga, Tenn., Feb. 18.—The interstate commerce commission has set the date for hearing rate cases at Johnson City, Tenn., on Wednesday, Feb. 19. On the 22nd the class cases will come up. The Bristol rates being better than the Knoxville and Johnson City will make an effort to put in the Bristol territory. However, failing in this, will be content to secure the Morristown rates which are the same as Knoxville.

Locomotive Works to Shut Down.

Paterson, N. J., Feb. 18.—The Rogers Locomotive works, branch of the American Locomotive company, will shut down March 1, it was stated, unless there is a revival in the industry before that time. The plant is working on the last order on the shop list—ten locomotives for the Southern Indiana Railroad company. Eight of these have been completed, and it is said that there is little new business in sight.

Savings Bank in School.

Augusta, Ga., Feb. 18.—Much interest is being manifested in the savings banks that have been inaugurated in two public schools. The board of education has not taken official cognizance of the plan, as it is pursued in the Fifth ward and Woodlawn schools, but the entire matter is looked upon as an experiment. Should it prove a success, it will probably be installed in the other schools of the system.

BATTLE WITH BULL DOG.

New York Man Has Unusual Encounter with Fierce Animal.

New York, Feb. 18.—Battling for his life with an infuriated bull dog, Douglass Hudson Ricker, a publisher, ill with pneumonia, and too weak to scream for help, was found unconscious hours afterward lying across the lifeless body of the dog which he had smothered with a blanket.

Taken ill shortly after his return to Brooklyn a few days ago from Florida, bringing north with him the dog wwhich had been presented to him there, Mr. Ricker was confined to his bed partially encased in surgical wrappings. Left alone for a time, he had fallen asleep, he awoke to find the dog standing on his chest. Trying to push the animal away, it snapped at him. Repeating the attempt Mr. Ricker found himself engaged in a fierce struggle with the animal. He seized it by the throat when it sprang for his throat. With both hands engaged, he could not ring his call bell and practically voiceless from his illness, he was unable to call for help.

Ricker's strength had almost given out when, in the struggle some of the bed clothing became disarranged. This interfered with the dog's movements. Given the idea the sick man forced the head of the dog into the mass of bed clothes. Then he succeeded in winding the blanket about the dog, and too weak to hold him longer, rolled on top of him. When he had gained the final advantage, he fainted.

Mr. Ricker was found unconscious some hours later, was revived, and told the story. He was greatly weakened by the struggle, and is now reported in a critical condition.

"REMEMBER THE MAINE."

Tenth Anniversary of Destruction of Battleship Observed.

Havana, Feb. 18.—The tenth anniversary of the destruction of the battleship Maine was observed here with the customary ceremonies.

A fleet of tugs and launches congregated about the wreck of the battleship on which were deposited many floral offerings, including wreaths sent by the Daughters of the American Revolution, Governor Magoon, Mr. Morgan, the American minister, Major General Barry, commander of the American forces in Cuba, the American Club and the Rural Guard.

Probably this was the last time the wreck will be decorated, as it is expected it will be removed within the year to clear the entrance to wharves about to be constructed by the government.

Famous Circus Man Dead.

New York, Feb. 18.—Wm. Bells, the last of the brothers who organized the famous Bells Brothers' circus combination, died suddenly here Monday. He had been ill for several weeks, but his condition had been improving steadily of late, and it was believed he was on the road to recovery steadily of late, and it was believed he was on the road to recovery. On Monday morning early he had a sudden change for the worse and died before a physician reached the house. Gastritis was given as the cause of death. He was forty-two years old.

Caldwell a Paranoiac.

New York, Feb. 18.—Adjudged a paranoiac, Robert C. Caldwell, who attracted international notoriety all through his testimony in the Druce case in London, England, where he has been wanted since on a charge of perjury, was removed from his home in Staten Island to the insane asylum on Ward's Island.

Caught Blind Tigers.

Valdosta, Ga., Feb. 18.—A raid was made on blind tigers by Chief Dampier and Officer Hill which succeeded in landing two of them in the city prison. A quart of fine whisky was captured at one of the places and a large number of bottles at the other. Both were negroes.

HAD NARROW ESCAPES

People Fled In Fright From Falling Buildings.

UNDERMINED BY HIGH WATER

Warned by the Cracking Walls Inmates of Two Dwellings at Pittsburg Compelled to Seek Safety in the Street—Floods Receding.

Pittsburg, Pa., Feb. 18.—With a great roar two brick dwelling houses, located at Nos. 22 and 24 Penn avenue in the district inundated by the flood waters, collapsed early Monday and fell into the street.

A score of occupants, warned by the cracking walls, barely had time to reach the street before tons of brick and plaster tumbled into the streets.

U. C. Anderson was cut and bruised by flying debris and eighteen other persons narrowly escaped being crushed to death.

All but Anderson rushed to the street in their night clothes, just before the three-story brick building collapsed.

The escape of the occupants was miraculous. The loud crackling of the walls a few minutes before the houses collapsed served as a warning and saved all from being crushed.

The passing flood was responsible for the accident. The foundations of both dwellings which were old, had been weakened by the high water.

Other buildings in the vicinity are in a like condition and building inspectors are making a thorough examination of the places.

At 10 o'clock Monday morning the river had fallen to about 24½ feet. It continued to recede slowly.

Suffering among the flood victims is intense owing to the cold weather and all the charitable organizations are engaged in alleviating the misery.

CALLED TO THE COLORS.

At Tiflis the Apprehension of Hostilities Not Abated.

Tiflis, Feb. 18.—Reports have been received here from Armenia that all the Redifs, or Turkish army reserve forces, in Van, Mush, and the other vilayets of Armenia have been called to the colors and are proceeding rapidly for the frontier.

At the same time a league of all the Turkish revolutionary parties is increasing their revolutionary agitation. Appeals and proclamations are being issued exhorting the population to protest in every way possible against the warlike plans of the sultan.

The league holds that war would be especially disastrous at the present time as there is a famine in Asia Minor.

At Tiflis the apprehension of hostilities has not abated.

The Russian military authorities have ordered that all horses in the Caucasus suitable for military purposes be registered. The doctors of Tiflis held a meeting recently and volunteered their services in case of war.

Six-Day Race Begins.

Boston, Feb. 18.—Ten teams, composed of the foremost followers of the professional bicycling game in this country, started Monday on a six-day race on the saucer shaped track of the Park Square coliseum. The riding will occupy two hours and one half each evening with the exception of Saturday, when racing will continue from 2 p. m. to 10 p. m.

Anti-Taft Republicans to Meet.

Birmingham, Ala., Feb. 18.—The executive committee of the anti-administration republican party in the state of Alabama held a meeting here and decided to call a convention for the election of delegates at large to the Chicago convention. It was decided that these delegates should go to Chicago uninstructed, except that they should not vote for Taft.

Fitts May Run.

Montgomery, Ala., Feb. 18.—William C. Fitts, former attorney general of the state, is being urged to run for democratic elector. Mr. Fitts is now a resident of Mobile.

A NEGRO CREMATED AT HIGH SPRINGS

Early Sunday Morning Fire Destroyed Prisoner and Jail.

MUCH EXCITEMENT PREVAILED

Negro, George Perkins, Was Imprisoned On a Charge of Stealing a Pair of Trousers, and It is Believed He Attempted to Burn Way Out.

High Springs was the scene of a conflagration at an early hour Sunday morning, which resulted in the loss of the life of George Perkins, a negro, and the complete destruction of the town jail.

Perkins, who was the only prisoner in the jail, it is said was cremated almost beyond recognition. He had been placed in prison Saturday night, charged with the larceny of a pair of trousers from another negro, and about 4 o'clock the following morning Night Officer Bell, who made the arrest, discovered that the jail was in flames, but too late to save the building. The flames were so intensively hot that it was impossible to rescue the unfortunate victim confined in the jail, and his screams of agony could be heard above the roar of the flames, which shot high into the air, luminating the streets for blocks.

A large crowd was attracted to the scene, and after it was learned that Perkins was being roasted alive much excitement prevailed.

The origin of the fire is not definitely known, but it is the general opinion that the negro, in order to effect his escape, ignited the building, hoping to burn his way to freedom before he was discovered.

A large number of people lingered around the jail after the building had been destroyed, viewing the body of the negro—or at least what was left of it.

Had the fire been discovered in time, it might have been possible to have extinguished the flames, even with the inadequate fire-fighting facilities of the town.

STATE UNIVERSITY NOTES.

Interesting Batch of Happenings at Florida's Educational Institution.

The baseball season has just opened with two games with the Gainesville High School. In both of these the University was successful. The first game resulted in a score of 10 to 1, the second 11 to 6.

The team expects to leave on Thursday for a short trip. While away it will play one game with Rollins and two with Stetson. In these games Harman and Carter will pitch, and D. S. Bryan catch.

The uniform has been changed, the men now wearing white with blue trimmings. The uniform is very attractive.

The athletic committee is making arrangements for military and athletic contests, to take place at some time in the near future. A preliminary contest will come off on George Washington's Birthday, to which the public is cordially invited. The feature of the afternoon's sports will probably be the "paper chase."

Much of the woodwork about the grounds is receiving a fresh coat of paint. A large flag-pole, about a hundred feet in height, will be erected in a day or two, and a barn is being built on the cottage farm. The work on this is being done by the students. The brick foundation is being laid by a Gainesville boy—C. M. Fisher.

The examinations are but recently over. The grades made by the students were on the whole good. As a relaxation for the students after the strenuous exertions consequent upon examinations, several entertainments have been held. Three of the city churches gave Valentine parties which were greatly enjoyed by the students attending.

Prof. and Mrs. Scott leave in a day or two to attend the Tampa Fair. Short visits to the Fair have been made by students Coe, Drane, Lightfoot and J. S. Shands.

Prof. Rolfs is visiting points in South Florida and on the East Coast on station business. Prof. Fawcett is at Clearwater continuing his experiments on citrus plants. Prof. Winters has just returned from Sanford, where he has several experiments well under way on celery.

Every Thursday afternoon many of the students gather in President Sledd's office to hear a short address. Last Thursday Dr. Sledd discussed "The Menace of Wealth." Next Thursday he will by request speak on "Christian Science." Dr. Sledd preached last Sunday night at the Methodist church.

The Tuesday morning "talk" was made this week by Dr. Benton, his subject being "Engineering as a Profession." A recent talk of great interest was by Lieut. Ball on "Stonewall Jackson, the Ideal Soldier." Next week the talk will be by Prof. Scott. These exercises are open to the public, who are most cordially invited to attend. The talk begins at five minutes past eight.

Chapel exercises this week are being conducted by Dr. Farr.

The Athenaeum Club is still flourishing. The last paper, entitled "Land Tenure in Georgia," was read by Dr. Banks. It was an able presentation of conditions in the South, and especially in Georgia.

Captain and Mrs. Farr have returned to their home in Union, S. C., after a brief visit to their son, Dr. Jas M. Farr, of the University.

New Carrier Service.

The Times-Union carrier service has been placed under the supervision of Jesse E. Burtz, the regular Gainesville correspondent of that paper, and inasmuch as this department has been conducted somewhat irregular for the past few weeks subscribers to the carrier system would confer a favor by notifying Mr. Burtz of failure to receive their paper. The original list has been misplaced, and it may be possible that some of the old subscribers have been omitted from the new one. Those desiring to have their names placed on the carrier list may do so by applying to the new management, by mail or otherwise.

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

MEMORIAL SERVICE.

W. C. T. U. Honors Memory of Miss Frances E. Willard.

The Sun is indebted to Mrs. Elizabeth Smith for the following excellent report of the last meeting of the W. C. T. U.:

The Frances E. Willard Memorial Service which was held at the W. C. T. U. rooms Monday was well attended, the rooms being crowded to their utmost capacity. Over her picture, which hung on the wall, were the last words of this wonderful woman: "How beautiful it is to be with God," and as one looked at the sweet womanly face the thought came, and how fitting that such as she should be in His holy presence. The program was very interesting and consisted of readings from her life and work, and appropriate music. The meeting opened with the hymn, "Close to Thee," followed with prayer by Mrs. Higdon, and closed with prayer by Mrs. J. E. Futch and the W. C. T. U. hymn, "How Gentle God Commands." Altogether, it was a sweet and sacred hour, and the usefulness of her presence seemed to rest upon all present. It is ten years since she was taken into the heavenly Kingdom, but she still lives in the hearts of those who loved her as truly as when she walked with us in life's often rugged pathway. Quite a number present had had the privilege of meeting Miss Willard personally, and each one spoke of her sweet, magnetic manner that won all hearts. A Miss Alice Hercur of Washington, D. C., who was present, gave a very pleasant talk. She was well acquainted with Miss Willard, having entertained her at her home. She spoke of her many grand qualities and of her silvery voice that was like sweetest music when she spoke. May we women of America always keep the name of this noble woman ever before us and try in our humble way to carry out the work she began. By order of the PRESIDENT.

TO PROLONG LIFE.

Prevention of Disease Much More Important Than Cure.

"An ounce of prevention is better than a pound of cure" is especially true in stomach troubles.

A few doses of Mi-o-na stomach tablets taken at the first warning of coated tongue, flatulence, heartburn, headaches, distress after eating and other symptoms of indigestion, will prevent a chronic case of stomach suffering that may last for years.

These little tablets give strength and tone to the muscular walls of the stomach and intestines, and promote the secretion of gastric juices so that whatever food is taken is naturally digested without pain or distress.

J. W. McCollum & Co have seen so many cures made by Mi-ona that they sell the remedy in 50-cent boxes under a guarantee to refund the money in case it does not cure.

Model of Economy.

A certain farmer who lives out in the county and who is noted for his closeness in money matters has a twelve-year-old son, who is as industrious as his father is penurious.

Recently the father and son made a compact whereby the latter would receive 10 cents for every cord of wood he sawed and piled in the wood shed. Immediately the boy became very busy at the wood pile, and his earnings have been piling up at a rapid rate, his mother keeping her son's hard earned savings for him.

"What are you going to do with all your money?" the thrifty youth was recently asked.

"Goin' to buy a new saw with it," was the reply.—St. Louis Globe-Democrat.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Very Interesting.

"What do you find so very interesting about society?" asked the ordinary person.

"Watching people trying to get in," answered Miss Cayenne.—Washington Star.

Time is the great comforter of grief, but the agency by which it works is exhaustion.—Landon.

Better be on the safe side. Ask your doctor about Ayer's Hair Vigor. Then do as he says. He knows what is best.

PLEASANT EVENING SURPRISE.

Happy Gathering at the Handsome Home of P. H. Rolfs Monday.

Not least among the enjoyable occasions of the season, and rivaling the best, as evidenced by the report of those who constituted the surprise party given Mrs. P. H. Rolfs, at her home, 510 West Main street, in honor of her birthday, Monday evening, has proved to be the one given her by the members of the Experiment Station staff. Many came, and many went away feeling that their hostess is fully equal to all occasions where the pleasure of her guests is uppermost in her thoughts.

The surprise party, planning beforehand, had thoughtfully prepared several interesting contests for the evening. Mrs. Rolfs proved to be the successful one in the chief contest, winning a beautiful China sugar bowl and creamer. Other prizes were won by exhibits of skill, but let us here mention the delicious refreshments that were served—ice cream, saucers heaping full; cake, "like mother used to bake," and many other good things to eat.

After declaring one and all that the evening had been a most pleasant one, and one to be remembered, the guests made their hostess adieu and sought the embrace of twinkling stars and the radiance of Luna in her silvery shadows.

The ever-popular Murray Comedy Company will open a three-nights' engagement at the opera house Thursday, February 20th, and will present for their opening play a beautiful four-act comedy-drama, a well-related story which has a fine-developed plot full of the most novel ideas and surprises, liberally interspersed with comedy sketches to relieve the tears which now and then gather at the many touches of pathos. There is at no time any lack of stirring events to keep the audience at a high pitch of excitement. The usual lady free tickets will be used on the opening night. One lady admitted free with a paid 50-cent ticket, if purchased before 6 o'clock.

J. A. King's Misfortune.

Capt. J. A. King of Orange Heights was in the city on business Tuesday. Mr. King's friends will regret to learn of his misfortune, one of his packing having been consumed by fire two nights ago. Fortunately, however, there were no products in the immediate vicinity, which probably saved a much larger loss.

Mr. King states that the farmers on the East End are now busy with their crop stands, and from present indications there will be the largest acreage of diversified crops seen in that section of the county for many years.

A LONG JOURNEY.

J. F. Burnett Summoned Over 2,000 Miles to Give His Testimony.

J. Fletcher Burnett left yesterday on a long journey, having for his destination Miles City, Montana.

This is an important trip, Mr. Burnett having been summoned as a witness in an important murder case which he was unfortunate enough to witness in Miles City a few months ago, in which an Italian is charged with having stabbed to death another man.

Mr. Burnett's testimony in this case must be of great importance, since he has been summoned to travel a distance of more than 2,000 miles.

MR. LYNCH TO TAMPA.

Will Attend Meeting of Florida Association of Postmasters.

Postmaster L. C. Lynch expects to leave today for Tampa, where he goes to attend the annual meeting of the Florida Association of Postmasters, which will convene in the South Florida metropolis Thursday morning. This association, embracing all the classes in postoffices in the State, has a large membership, and a large attendance is anticipated.

Delightful Valentine Party.

In some manner The Sun reporter overlooked the Valentine party given by the Young People's Society of the First Presbyterian church at the hospitable home of Mr. and Mrs. J. D. Matheson, East Union street, Friday evening. This was probably due to the fact that a half dozen or more entertainments of a social nature transpired the same evening, and it is hoped this explanation will prove satisfactory.

This proved to be one of the most largely attended as well as most enjoyable functions of its kind for some time. A large number of the young folks were present, and the evening was passed in music and games, handsome and appropriate Valentine souvenirs having been distributed during the evening.

Delightful refreshments of sandwiches and hot chocolate were served, and at a late hour the guests dispersed, with assurances of highest appreciation for the hospitality extended by the Matheson household.

Tuesday Morning's Marriage.

A marriage was solemnized in the office of County Judge Mason Tuesday morning, the ceremony being performed by the dignified Judge.

The contracting parties were Joseph M. Manning, a well-known young man of Jacksonville, and Miss Ella Parrish.

The happy young couple received the congratulations and best wishes of those present, after which they left on a short honeymoon.

THE CANDIDATES.

Three Democrats Formally Announce for County Offices.

Perry G. Ramsey of Wacahoota formally announces his candidacy for sheriff in today's Sun. Mr. Ramsey was for several years a member of the Board of County Commissioners, voluntarily retiring a few years ago. He discharged his duties in that office faithfully and efficiently, and should he be nominated and elected to the important office of sheriff he would never be found derelict in the discharge of the duties incumbent upon him. He is well qualified for the office and has hosts of friends who will earnestly support his candidacy.

J. F. Townsend announces his candidacy for re-election as County Commissioner from district No. 5. Mr. Townsend has been a faithful and efficient member of the board from that district for a number of years, and should he be re-elected the people will have no cause to regret it.

R. B. Weeks (Uncle Bob) again asks the Democrats of district No. 1 to vote for him as a member of the School Board, and no matter who may oppose him a large number of them will rally to his support. No man in the county manifests a deeper interest in education than he does, and for a number of years his colleagues on the board have shown their confidence in him by successively electing him as their chairman.

THE CIRCUIT COURT.

Three Civil Cases Tried and Others Disposed of Tuesday.

The special term of the circuit court convened at 9 o'clock Tuesday morning, Judge J. T. Wills presiding.

The first case to come before the court was that of the Georgia Supply Co., a corporation, vs. J. P. Lynch, damages. A jury was called and sworn, testimony submitted a verdict returned in favor of plaintiff in the sum of $373.52.

The case of the Cudahy Packing Co., a corporation, vs. S. F. Brooks, assumpsit, was tried by jury and a verdict of $122.63 was awarded the plaintiff.

The next case was that of The Malsby Company, a corporation, vs. H. M. Owens, replevin, when the jury brought in a verdict to the effect that plaintiff retain possession of property levied upon, and judgment for costs, $28.84.

Several cases were referred and continued, after which court adjourned until 9 o'clock Wednesday morning.

The jury for the week is as follows: Geo. R. Ellis, E. K. Fagan, P. Y. Smith, J. T. Shaw, H. D. Lewis, S. J. Burnett, H. C. Roth, G. W. Hart, O. P. Cannon, H. P. Holstein, H. L. Owens. J. B. Bell was summoned, but was excused by the court.

Successful Fox Hunt.

Sheriff Fennell and Arch Jackson, the veteran fox hunters, participated in a successful hunt a short distance east of the city Monday night, capturing a very fine animal, after an exciting chase.

These gentlemen enjoy the sport very much, and frequently invite a number of their friends.

The Swine and the Flower

Oh me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of lard!"
I fled, and saw a field that seemed at first
One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And, as I lingered o'er the lovely sight,
The summer breeze, that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"

So far as Presidential booms are concerned Pennsylvania has its Phil.

Fact-hunters find all days "open season" in the advertising columns of The Sun.

Doubtless Breathitt county, Ky., will breathe easier now that Judge Hargis has been premanently blue-penciled.

"What things should cost"—is any sort of information more useful than that? Be a "fact-hunter"—and read the ads. in The Sun.

Another Georgia editor has migrated to Gotham. It seems rather a hard matter to make prolonged draughts and editors both stay in the Cracker State.

"Prohibition took a great many people's breath away," says The Atlanta Georgian. A neat epigrammatic obituary to the memory of departed spirits.

City politics are being agitated to some extent now, but not so much as at this time last year. There will be "something doing" early in March, however.

Government by executive decrees has been abolished in Portugal but, not unhappily, until after the King and the Crown Prince were previously abolished.

A Spanish policeman recently arrested King Alfonso as a "suspicious character," and it is doubtful whether there is a more lady-like monarch in all Europe than Alf.

"Mr. Bryan is not to blame," says an editorial headline in The Norfolk Landmark. And yet, if it were not for Mr. Bryan to blame, the blame department of a lot of newspapers would have to go entirely out of business.

The war between the rival steamship companies over the rates to and from Europe has been settled, but the war between the Republicans about who they shall nominate for President still goes merrily on, thank goodness.

Bourke Cockran is not above a resort to apt alliteration's artful aid. With Mr. Bryan in the Presidential chair he says "the plunderers of millions will be given preference in the pathway to prison over the pilferers of pennies."

The Sun trusts that the Alachua County Democratic Executive Committee will not inaugurate the county campaign until the middle of April. Thirty days of activity is sufficient for the first primary, especially as it occurs during the farmer's busy season.

Hon. Arthur T. Williams, the new chairman of the State Democratic Executive Committee, occupied the same position prior to Col. D. U. Fletcher's election, and filled the same to the entire satisfaction of both factions of the party. Like the lamented Senator Stephen R. Mallory, Arthur T. Williams is without a blemish either as to his political or private life. Few men in the State are so highly esteemed by their fellow men.

The news has been received in Chicago from Washington by Frederick W. Upham, the chairman of the Chicago committee to arrange for the Republican National Committee, that President Roosevelt may attend the convention. He also reported that the convention may be prolonged into two weeks. This indicates that a deadlock is expected and a fight to a finish between the two factions of the Republican party. It would be a most extraordinary proceeding for the President of the United States to attend a partisan convention, and even to propose it shows the desperate struggle that is impending. As both factions are taking advantage of every crook and turn that will influence a single delegate, matters may come to such a pass that a split may occur and two candidates be nominated, and who could lead the Roosevelt faction but the President himself, with any show of success.

From present appearances the present Republican National Convention will have a good deal to say about who shall be nominated for President. It will be their duty to pass upon the numerous contests and make up the temporary roll of the convention and select the temporary officers. Of course, however, the convention itself can over-ride the report of the committee, and there is not much doubt it will do so, if the majority do not agree with the committee's findings. Democrats can afford to view the fight between the Republican factions from afar and trust that they may agree to disagree.

Every encouragement possible should be given the promotion of the proposed sanitarium to be established in Gainesville. The sanitarium will be conducted upon the same plan as the great Battle Creek resort, and would be the very best advertisement for this city. The preliminary organization is in the hands of our leading business and professional men, and it is to be hoped that the permanent organization will soon be effected, the site selected and work commenced upon the building. Such a result can only be accomplished, however, by united action upon the part of our people.

The Sun has exercised every effort to cause candidates for county offices to delay their newspaper announcements until the meeting of the County Democratic Executive Committee, but our efforts have been in vain, and we are forced to make a rate for such announcements, which is as follows: $10 for nine lines or less from now until May 19th, the date of the first primary; from April 1st to May 19th, $5—matter to be inserted once each week in both the daily and semi-weekly editions. The cash must accompany all announcements.

Sereno Payne, the Republican floor leader of the House of Representatives, assures an anxious country that there will be a tariff revision plank in the next Republican platform. That's all right, as far as it goes, but who will assure us that a bill to revise the tariff will be passed? Political promises are often like pie crust, made to be broken.

You couldn't discuss the events of the day in the world unless you had read your newspaper. You cannot "shop" intelligently unless you have read the store-ads in The Sun.

If you desire to vote at the city election on April 14th you must pay your poll tax on or before Saturday, March 14th.

This is not one of the days you can afford to "skip all of the ads."

RAID OF NIGHT RIDERS.

On Bare Backs Switches Were Applied by Band of Vigilantes.

Eddyville, Ky., Feb. 18.—Night riders, three hundred strong, visited Eddyville at 1 o'clock Sunday morning and whipped ten men, four of them white and six negroes. The white men, who are today suffering from sore backs as the result of a severe chastisement with the switches, are:

Police Judge C. W. Rucker, Leslie Woods, former city marshal; Pres Fralick, who occasionally acted as deputy city marshal and Grace Robertson, a saloon porter.

The connection between the whipping of the white men and the negroes and the tobacco war in western Kentucky is not apparent and no one has been able to offer any explanation.

None of the victims was known either active or influential in opposition to the farmers' pooling movement. No attempt was made at destroying stored tobacco.

The riders were well drilled and well armed. About 250 entered the town from the direction of Trigg county, and the remainder from the opposite direction.

Over a thousand shots were fired during the course of their stay, but the only casualty reported is that of a young woman, whose face is said to have been grazed by a stray bullet.

The home of Judge Rucker was badly damaged before the riders were able to get hold of him, the walls being riddled by bullets, doors and shutters torn off, etc.

After taking each of the men to the edge of the town and whipping them, they were allowed to return home.

After the whippings had been administered, the mob awakened County Judge W. L. Crumbaugh and warned him that his immunity from similar punishment hereafter depended entirely on the friendship he was expected to show the tobacco growers' organization. He was told that his gray hairs, alone, were responsible for his being spared this time.

The only tobacco man visited was J. M. Bradshaw, who is a tobacco prizer for one of the growers' associations. Mr. Bradshaw was ordered to close up a billiard hall, which he owns.

Before leaving the town the riders announced that they had not finished their work and that they would return before many days.

LIFE IN GAY ROCHELLE.

Many Social Functions, All of Which Were Thoroughly Enjoyed.

Rochelle, Feb. 18.—Rochelle has been on the boom for a week. From one thing to another has been the go, and on Friday night, the 14th, there was a Valentine party given at the home of Mr. and Mrs. L. R. Jones, which was largely attended and enjoyed by all who were present. The crowd gathered at an early hour, and all seemed to enjoy themselves. There were various games played, such as "Selling the Thimble," and "Unraveling the Mystery," until 11:30, when all marched to the dining-room where cake, ice cream and fruits of all kinds were waiting for them.

After they had eaten of all of the good things, they returned to the parlor, where the many pretty Valentines were displayed. There were probably one hundred Valentines to be distributed, with Miss Velma Jennings acting postmistress. There were some very handsome ones, and some very comical, which caused some very hearty laughs.

The ladies present were: Misses Lina Jones, Velma Jennings, Mattie Jennings, Eva Farmbach, Marcie Turner, Patsy Zetrouer, Annie Coulter, Sadie Coulter, Nellie Vause, Miss Wallace, Rosa Roberts, Alice Vause, Nannie Jones, Irene Jones; Messrs. Guy Waits, Mr. Smith, Scott Roberts, M. Roberts, Bert Zetrouer, John Thomas, J. A. Roberts, Will Beckham, Jim Zetrouer, Henry Jones, Marvin Farmbach, Willie Riles, A. B. Stevens, Jno. Pitman, Erwin McClarly, Jake Zetrouer.

At a late hour the crowd departed for their respective homes, thanking Mr. and Mrs. Jones and assuring them that they had enjoyed themselves.

J. A. Roberts of Hawthorn attended the Valentine party at Mr. and Mrs. Jones'. Guy Waits and W. W. Smith of Grove Park, Miss Eva Farmbach and Erwin Farmbach of Boardman also attended.

J. A. Roberts made a flying trip to Gainesville Saturday.

Miss Nellie Vause and Miss Wallace of Johnson visited friends in Rochelle Friday, returning home Sunday evening.

J. A. Roberts went to Hawthorn Sunday evening, where he is at present employed with P. H. Baker.

On Saturday night there was an oyster supper at the home of Mr. and Mrs. W. W. Roberts, which was largely attended by both ladies and gentlemen. There were games of various kinds, and all seemed to enjoy themselves and have a good time, and at a late hour all returned to their respective homes.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Neglected Colds Threaten Life.

[From The Chicago Tribune.]

"'Don't trifle with a cold,' is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by all druggists.

Would Have No Sunday Saloons.

Chicago, Feb. 18—If Roosevelt was mayor of Chicago there would be no Sunday saloons declared Charles W. Trickett in St. James Methodist church at one of the scores of simultaneous meetings held in Chicago and throughout the state of Illinois to cause the enforcement of the state unday closing law. Mr. Trickett added: "If Roosevelt was governor of Illinois he would not tolerate treason and rebellion in Chicago if he had to post a soldier at the door of every saloon to keep it shut."

Boy is Strangled by Collar Button.

Philadelphia, Pa., Feb. 18.—William Brown, aged 10 years, was strangled here by swallowing a collar button while sneezing. While changing his clothing the lad placed the button in his moth. He was seized with a sneezing fit and the button lodged in his throat and despite the frantic efforts of his mother, he died before a physician reached the house.

Protest is Made.

East Orange, N. J., Feb. 18.—A protest has gone up here against the proposed action of the city council in accepting $28,000 from Andrew Carnegie for three branch libraries. The city already has one Carnegie library which originally cost $50,000 and cost the city $16,000 a year to run it. Many people think the cost of running the library is too high.

FLORIDA BIRDS WORTH THEIR WEIGHT IN GOLD.

By KIRK MUNROE.

Honorary Vice-President Florida Audubon Society.

Florida is pre-eminently an agricultural State, and fruit-raising is its chief industry. The hardest fight of the fruit-growers is against the hoards of insects, aphides, ants, bugs, beetles, caterpillars, grasshoppers, flies and grubs that devote their entire energies not only to the destruction of his crop, but of his trees, which they attack in leaf, bark and root. He fights them with sprays, washes and fumigations, and perhaps succeeds in destroying one beetle out of a thousand, one aphis in a million, and one ant out of each billion. His efforts are expensive, more or less injurious, and ridiculous in their inefficiency. In spite of them he would quickly be driven out of business were it not for an army of trained allies, alert, sharp-eyed, tireless, and eager to devote their time to his service without pay.

I mean, of course, the birds, without which our fair State would quickly become, not only non-productive, but absolutely uninhabitable. A noted French scientist has declared that without birds to check the ravages of insects human life would vanish from this planet within the short space of nine years; and I venture the prediction that in half that time no one of us could live in Florida were our birds suddenly to leave for places where their services are better appreciated.

In our inconceivable folly we of Florida never hesitate to kill a bird, if seized with an inclination to do so. A little gray-coated chap, flitting from tree to tree, in serach of the insects that are sapping their life, offers a tempting mark, and we blaze away with a twenty-two rifle, just to see if we can hit him. To kill him is such an expensive form of amusement that it would be more economical to charge our rifle with a golden bullet and fire it into the sea. A fruit grower spies a red-bellied wood-pecker sampling his ripe peaches, and instantly declares a war of extermination against the whole family. He had better retire from business at once and save the further expense of caring for his orchard; for without the expert aid of the wood-pecker his efforts can only result in failure.

A boy is allowed to catch a young mocking-bird, or a red-bird, and sell it to a tourist for fifty cents. The State is made at least one hundred dollars poorer by the act. It would be cheaper in the end to give away golden birds of the same weight.

A meadow-lark, or each one of a covey of quail, in a ten-acre tomato field earns ten dollars in a single season as an insect-destroyer. Yet we not only shoot these birds ourselves, but we invite our friends from far and wide to come and help us destroy them as though they were a pest we are desirous to abate.

Besides the insectivorous birds upon whose efforts we are absolutely dependent for success in every branch of agriculture, there are those of inestimable value as tourist attractors—was there ever a Northerner in Florida who did not listen eagerly for his first mocking-bird song, or watch with delight the fishing of a pelican? Is he not willing to spend money for the sight of a flamingo, a roseate spoonbill, or a wood-ibis?—and does he not exclaim with pleasure at a flashing glimpse of a parrakeet or a nonpareil? He is willing to pay liberally for such sights as these, and we have given him just cause to complain of the absence of bird life along our coasts and inland waterways. A few years ago these swarmed with birds whose movements were of the greatest interest to our winter visitors. Now they are silent and deserted, despoiled of a chief attraction by plume and skin hunters who have robbed us without so much as saying "thank you."

We take every precaution to prevent a thief from stealing even the most trifling of our possessions, and at the same time make no effort to dissuade the gunner from shooting the birds upon whose existence depends our very livelihood. Queer, isn't it?

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time.

DOING A SPLENDID WORK.

Augusta Chamber of Commerce Operates Employment Bureau.

Augusta, Ga., Feb. 17.—The chamber of commerce has started an employment bureau that is doing great work.

There is really no reason why an industrious man should be idle in Augusta, for every line of industry is simply halted for lack of proper workmen. But it happens that many who lose one place do not know of a vacancy in another, and lose much time going the rounds. The new bureau finds places for all who apply, and there is still room for more. The employers report their wants to the bureau, and each applicant is directed to the place he seems to be fitted for. The bureau fills a long-felt want.

FIVE INJURED IN AUTO WRECK.

Probable One or More Hurt Will Die of Injuries Received.

Montgomery, Ala., Feb. 18.—Looking backward to ascertain if a woman driving a frightened horse was safe, George L. Harris, driving his automobile, allowed it to swerve from the Carter Hill road, six miles from Montgomery, into the ditch twelve feet below, and in the wreck which followed A. B. Raines was pinned under the machine, seriously injured and almost drowned in the water that filled the ditch; Mrs. Raines held temporarily by the car, was painfully cut on the face; Mr. Harris suffered sprains of his back and arms, and Mrs Harris, the least hurt of all, suffered a bad wrench of the back. Miss Julia Harris escaped with a slight cut on her lip.

Mr. Raines, the most seriously injured of the party, was hurt in the head and one of his ribs was broken and he may die. He was under the machine for several minutes before Mr. Harris and the few men available for assistance could lift the car and take him to safety, and during part of that time his head was beneath the water. He was nearly drowned and was unconscious.

Immediately after the accident Mr. Raines and the others of the party were taken to a farm house a mile distant. Physicians, immediately summoned, rendered first aid. Later the injured were removed to the city and Mr. Raines was placed in a hospital.

BANKER SUICIDES.

Prominent Citizen of Butts County Takes His Life.

Jackson, Ga., Feb. 17.—J. R. Carmichael, president of the First National bank of this city, committed suicide Thursday night, some time between 9 o'clock and daylight.

He was last seen at about 9 p. m. at the place of business of the First National bank. His failure to arrive home at the usual bedtime hour alarmed his family, and they began to make inquiries. Search was continued throughout the night and until early Friday morning, when the body was found in McCord's mill pond, two miles from Jackson.

Examination shows that the bank is perfectly solvent and that financial trouble was not responsible for Mr. Carmichael's act. A committee of the most prominent men of Jackson have looked into the bank's accounts and have found that it is in excellent shape.

The deceased was very prominent in business and political affairs in the city of Jackson, and the county of Butts.

The reason for the rash deed is a mystery.

LABOR CHIEFS INDICTED.

Accusation Made That They Violated the Anti-Trust Law.

New Orleans, February 17.—Seven men, representatives of all the crafts of labor employed on the New Orleans river front, and who compose the union known as the Dock and Cotton Council, were indicted by the United States grand jury Friday on charge of conspiring to restrain trade in violation of the Sherman anti-trust law.

The indictments follow the refusal of the dock and cotton council to permit the coal wheelers' union to coal the steamer Habil, which cleared here several days ago for Puerto Cortez. The agent of the Habil signed an agreement with the union, had his vessel coaled, and then placed the matter in the hands of the United States district attorney.

Large Liquor Shipments to Macon.

Macon, Ga., Feb. 17.—A grand total of 13,500 covers the number of liquor packages that have been received at the local express office since the first of January. These packages varied greatly in size, some being but quarts while others ranged up to bundles big enough to carry a case or more of wet goods. Friday a car and a half of liquor reached Macon from Jacksonville, Fla., and the entire contents went to people living in this city. All day long a constant stream of people could be seen going to and from the express company's offices on Forsyth street.

Chamberlain's Salve is for sale by all druggists.

Schooner May Be Lost.

New Orleans, La., Feb. 17.—A general inquiry was sent out from New Orleans Friday regarding the schooner New Orleans, which cleared from this port, Jan. 1', with a cargo of lumber bound for New York. The vessel was chartered by the Louisiana Red Cypress company, officers of which announced that nothing had been heard of the master, John McDonald, or his crew of seven men since the schooner left this port.

INTERESTING PAPERS FOUND.

Original Manuscripts Relative to General Pike's Explorations.

Colorado Springs, Colo., Feb. 18.—General Zebulon M. Pike's original manuscripts and papers relative to his explorations in 1806, which were taken from him at Chihuahua, Mexico, after his capture by the Spaniards, have been found by Herbert E. Bolton, a professor in the University of Texas, who has been making extensive researches in the Mexican archives.

News of the discovery has just been conveyed to General William J. Palmer, of this city, by Dr. Edgar J. Hewett, director of the American institute of archaeology.

The whereabouts of these papers have been unknown ever since their seizure by the Spaniards, and their discovery is one of importance, inasmuch as they are expected to throw light on early American history. It is expected not only to show General Pike's early explorations but to settle the much-discussed question as to whether he was implicated in the Burr conspiracy.

DEATH OF JUDGE FERRELL.

Nestor of the LaGrange Bar and Oldest Troup County Citizen.

LaGrange, Ga., Feb. 17—Judge Ferrell died at his home in this city on Thursday. He was in his usual health up to Sunday when he was taken with a severe cold, which developed into pneumonia, which caused his death. A singular coincidence was that his brother, Arch Ferrell, died at Seale, Ala., only the day before from the same complaint.

Judge Ferrell was nineyt-two years of age, being born on January 19, 1816. He was the oldest citizen of Lagrange.

Judge Ferrell was tre nestor of the LaGrange bar, and was one of the wealthiest men in Troup county.

..CUT GLASS of QUALITY..

If you intend buying Cut Glass, even though it is but a single piece, may we suggest that you consider the advisability of getting prices from us and at the same time giving us the pleasure of pointing out to you the distinguishing features of good, bad and indifferent Cut Glass and why prices are so varied. The poorer examples will cost you almost as much as the best, but the difference in actual value and beauty is a very great deal. A beautiful 8-inch Berry Dish, $4.50; 9-inch $6.00.
